

This is to certify that
twentyfifty ltd

The Old Church School, Butts Hill, Frome, BA11 1HR, United Kingdom

Has been assessed
by Paul McLaughlin for IT Governance Ltd
against the Cyber Essentials Scheme Test Specification

Level of certification: Cyber Essentials

Scope: Internet facing infrastructure for twentyfifty ltd. Including firewalls, routers, servers and end user devices located in the UK and Germany.

Certification date: April 18th, 2018

Recommended re-assessment date: **April 17th, 2019**

Certificate no.: 9626924860600892

This Certificate confirms that the organisation named was assessed against the Cyber Essentials Requirements dated June 2014, and at the time of testing, the organisation's ICT defences were assessed to meet the Requirements. Cyber Essentials Certification indicates that the organisation has implemented a sensible baseline of organisational cyber security only, and implies no guarantee of effective defence against commodity cyber attacks circumventing this baseline. Organisations are recommended to define and understand the risks to their organisation and take all appropriate action to mitigate or reduce any issues, which may require a greater degree of rigour or technical investment than is required for Cyber Essentials alone.
